

Kimberley to Cape Workplan

Kimberley to Cape will deliver the following:

KtC Role	2015-16 priority action	2015-16 output	2016-2017 goal
1. Facilitate conversations & collaboration to build a shared picture of success for the North	Continue to work with multiple sectors on 'Shared Stories of Success' (eg agriculture, grazing, mining, tourism)	Shared stories on agriculture & pastoral futures capture common ground & key questions	Stories & examples brought together into a shared picture of success for the North. Productive forum or Roundtable held that contributes to shared picture & agreed pathways to achieve it.
	Work to earn & support Indigenous engagement & leadership	Respectful & productive engagement	
	Collate examples & indicators of what success might look like	First draft of example case studies complete	Shared statement developed based on the consensus/ common ground that has widespread support across multiple sectors & multiple regions.
	Scope options for future-orientated forums such as the Northern Australian Futures Roundtable	Forum options scoped & proposal supported	
2. Make and take opportunities to coordinate and catalyse action towards shared success	Promote the values of an intact healthy savanna, benefits of natural & cultural resource management, & critical role & needs of communities	Compelling evidence base & well supported case for action eg 'Our Great North' publication	Significantly improved recognition & support by government, industry & northern & southern population centres
	Coordinate action on at least 3 topics including a) recommendations of Eucalypts rpt, b) funding for caring for country activities, c) planning support	Approach agreed & actions implemented	Effective individual &/or joint actions or advocacy leading to positive outcomes such as changes in policy, legislation, incentives, funding etc as relevant
3. Provide forums for knowledge exchange, discussion and connection to inform a shared picture of success and help align, improve and expand efforts towards it	Organise regular teleconferences, news &/or web platform to exchange knowledge on policies, planning, projects, practices & other relevant issues	Well subscribed 4-8 week news round-up, useful web/social media interface, engaged "Connections" teleconferences	Partner organisations are well informed about programs, activities, research & news both generally & on specific topics relevant to KtC goals, & activities are more effective as a result
	Support local & regional planning for sustainable development & conservation by sharing 'what's happening, what's working, what's next' across the North	Workshop covering eg country based planning, enterprise planning, sustainability frameworks & regional visions, & follow up action plan	Actions from workshop implemented & regional communities supported to hold informed discussions about the future of their region & develop a plan, prospectus or vision. Link with Roundtable

The KtC Coordinator will also work to engage partners, monitor and evaluate actions and outcomes, and seek funding.
